Projects

I have had the opportunity to work on multiple projects, contributing to both frontend and backend development. Some of the notable

projects I've been involved in are:

- <https://pos.omnisell.ai>
- <https://www.trucarebilling.com/>
- <https://ufastlearning.com>

MUDASSAR IQBAL

Web Developer

Profile

Experienced Web Developer specializing in PHP (Laravel), backend logic, and API integration. Proficient in HTML, CSS, Bootstrap, JS, and MySQL, I focus on writing scalable code. I am committed to delivering high-quality web solutions and am always eager to tackle complex technical challenges to drive project success. I will be in Saudi Arabia for Umrah (March 1st-21st). If interviewed and selected during this time, I can promptly join your company on a work visa upon returning to Pakistan. Alternatively, I am available to start remotely right after my return if that option is preferred.
